SKILLS

- **Languages**:   C++, JavaScript, Java, PHP, HTML, CSS
- **Frameworks**:   React.js, Node.js, Tailwind CSS, Next.js
- **Libraries & APIs:** Redux, TypeScript, REST APIs
- **Database**:   MySQL, MongoDB, PostgreSQL
- **Platforms**:   Git, GitHub, VS Code, Vercel, Render, Postman
- **Soft Skills**:   Problem-Solving, Project Management, Quick Learner

PROJECTS

Cookiify – Recipe Sharing Platform | Live   Nov - Dec' 25
- MERN-based platform with dual-API integration (Spoonacular + TheMealDB) + MongoDB recipes (10,000+ items)
- Connected Cloudinary CDN reducing image load time by 85% and multi-filter (6-way) search system.
- Gained experience in full-stack development, JWT authentication, cloud deployment (Vercel), CDN integration (Cloudinary), external API integration, MongoDB design, and premium responsive UI/UX development.
- **Tech Stack**: Node.js, Express.js, MongoDB, React, Vite, Tailwind CSS, JWT, Cloudinary

Personal Portfolio | Live   Oct - Nov' 25
- Built a fully responsive portfolio enhancing page load performance by 35% using optimized images and lazy loading.
- Crafted a 60FPS animated hero and mobile-first sticky navigation with responsive grids, improving usability by 40%
- Hands-on exposure to performance optimization, responsive design, animation handling, UI/UX improvements, and modern frontend development
- **Tech Stack**: React.js, Vite, Tailwind CSS.

Expense Sharing Website | Live   Feb - Mar' 25
- Delivered a full-stack expense sharing platform managing transactions across user groups.
- Enabled Google OAuth and Razorpay, cutting sign-in time by 70% and fully automating expense splits
- Worked extensively on full-stack development, authentication integration (Google OAuth), secure payment workflows (Razorpay), automated backend logic for expense splitting, and designing interactive, user-engaging interfaces
- **Tech Stack**: PHP, MySQL, HTML, CSS, JavaScript.

CERTIFICATES

- NPTEL Certification in Cloud Computing – IIT Kharagpur.   Apr' 25
- Data Structures and Algorithms Certification – NeoColab.   Dec' 24
- C++ Programming Certificate – NeoColab.   Dec' 24
- The Bits and Bytes of Computer Networking Certificate – Google.   Sept' 24

ACHIEVEMENTS

- Solved 250+ DSA problems on LeetCode / GFG
- Coordinated a campus-level hackathon involving 100+ participants, managing logistics, judging support, and event flow.
- Contributed to the Community Development Program (CDP) through NGO-based social initiatives and outreach work.

EDUCATION

- **Lovely Professional University**   Phagwara, Punjab
  Bachelor of Technology - Computer Science and Engineering; CGPA: 7.64   Aug' 23-Present

- **Eklavya Educational Complex**   Patna, Bihar
  Intermediate; Percentage: 70%   Apr' 22 – Feb' 23

- **Eklavya Educational Complex**   Patna, Bihar
  Matriculation; Percentage: 74%   Apr' 20 – Feb' 21
